

Auto Biography

Owner's name:

Matt Dickinson

Occupation:

Mechanical Engineer

Car's year, make and model:

1936 Chevrolet Master Deluxe Town Sedan

Car's name:

Daisey

I love my car because:

Our Chev had a complete restoration about 15 years ago. Since then I've rebuilt most of the drive train, steering, and brakes so that she is a very good "driver." Recently I've been acquiring and installing original '36 Chevrolet accessories, such as a tube radio, a glove box door with an ashtray and clock, and a chrome extension handle for the emergency brake, advertised for the ladies to make it easy to set the parking brake. She gets a heated garage and probably the best treatment in the household, LOL.
